

PLANT VARIETY INFORMATION SHEET FOR:

# SYZYGIUM WINTER LIGHTS<sup>®</sup>

**ORIGIN / BREEDER:** Jervis Bay Nursery  
**SPECIES:** Syzygium Australe  
**PBR STATUS:** PBR Accepted  
**LIC. PROPAGATORS:** Greenhills Propagation Nursery

**CHARACTERISTICS:** Winter Lights is a wonderful new Syzygium australe variety selected for its brilliant red new growth and natural xmas tree type habit. Winter Lights grows to about 3-5 metres in height and is ideal as a small feature tree or medium to tall hedge. Birds will love the beautiful purple berries which follow the fluffy white flowers. Winter Lights is tolerant of light frosts, and will grow in full sun or part shade. After four years of trials amongst other psyllid infected syzygium species Winter Lights has been psyllid free over the trial growing period.

**HARDINESS:** Light frost and psyllid resistant  
**FOLIAGE:** Brilliant red and green growth  
**BLOOM:** Fluffy white flowers followed by purple berry fruit  
**HABIT:** 3m - 5m in height  
**CULTURE:** Full sun or part shade
