

NEW RELEASE

BRAND: DownUnder Wonders
GENUS: Olearia
SPECIES: Lanuginosa
VARIETY: Ghost Town
RETAIL RELEASE: Dec '09

DESCRIPTION

- Habit:** Small, upright shrub with branching all the way up the stem. The spikey grey foliage is the real feature of this Olearia.
- Height:** 70cm
- Width:** 1m
- Origin:** Native
- Flower Description:** Tiny white/mauve daisy flowers (insignificant)
- Flowers:** October - March
- Use:** Use in difficult spots that are prone to dry out, adds variety of texture and colour to a garden
- Care:** Native to heath land, fertilise sparingly, cut back if desired to maintain shape.
- Position:** Full sun to part shade, drought tolerant best suited to free drained soils.

COMMENTS

Strikes easily and branches readily to form a dense bush without pinching.
